Dear Customers:

I am pleased to introduce the 6th Edition of the Energy Efficient Lighting Catalog. This edition, the first for the Defense Supply Center Philadelphia (DSCP), includes the latest in cutting edge technology and information. This information and technology leads the way in providing the best in environmentally-friendly lighting products – products that produce better light while consuming less power. DSCP offers a full range of energy efficient products in fluorescent, compact fluorescent, high intensity discharge, halogen and specialty lighting categories that provide outstanding quality lighting solutions for you, our customers.

We continue to respond to your needs and legislative requirements to reduce energy consumption and protect our environment. We are further committed to provide the most reliable, cost-effective and high quality products along with enhanced customer service.

DSCP now manages all Energy Efficient Lighting products for the entire Federal Government. We accept orders using either MILSTRIP/FEDSTRIP formats or IMPAC credit card purchases. You may submit your order through your normal channels, by mail, using our toll free number, 1-800-DLA-BULB (1-800-352-2852) or through our Internet Home Page,

<http://dscp103.dscp.dla.mil/gi/general/light1.htm>

We look forward to working with you and being your “Supplier of Choice.”

Sincerely,

A. F. Armentani

A. F. ARMENTANI
